SRS malfunction.  
See page 43

ASR malfunction.  
See page 69

Engine malfunction.  
If the lamp comes on when the  
engine is running, it indicates a  
malfunction in the O<sub>2</sub>-sensor on  
Federal version vehicles, and fuel  
injection system or emission control  
system on the California version  
vehicles. In either case, we recom-  
mend that you have the malfunction  
checked as soon as possible.  
See page 71
